The Journal of General Psychology, 1999, *126*(4), 443–445

Index to Volume 126

This annual index is organized by first author and by title. Page numbers refer to the following issues:

Number 1 (January): 1–112
Number 2 (April): 113–216
Number 3 (July): 217–320
Number 4 (October): 321–448

AUTHOR INDEX

Amrhein, P. C., Bond, J. K., & Hamilton, D. A. *Locus of control and the age difference in free recall from episodic memory.* 149–164.

Baars, B. J. *Attention versus consciousness in the visual brain: Differences in conception, phenomenology, behavior, neuroanatomy, and physiology.* 224–233.

Chasteen, A. L., & Pratt, J. *The effect of age-related stereotypes on response initiation and execution.* 17–36.

Cheal, M. *Introduction to theme issue on visual attention, Part 1.* 221–223.

Cheal, M. *Introduction to theme issue on visual attention, Part 2.* 325.

Cheal, M., & Chastain, G. *Inhibition of return: Support for generality of the phenomenon.* 375–390.

Chen, W. *A union function for neural and psychological response.* 185–204.

Cherry, K. E., & Jones, M. W. *Age-related differences in spatial memory: Effects of structural and organizational context.* 53–73.

Earles, J. L., Kersten, A. W., Turner, J. M., & McMullen, J. *Influences of age, performance, and item relatedness on verbatim and gist recall of verb–noun pairs.* 97–110.

Enns, J. T., Brehaut, J. C., & Shore, D. I. *The duration of a brief event in the mind's eye.* 355–373.

Ferraro, F. R. *Introduction to theme issue on aging, Part 1.* 5.

Ferraro, F. R. *Introduction to theme issue on aging, Part 2.* 117.

Goolkasian, P., & Tarantino, M. *Covert and overt attention and the processing of cues for location and target identification.* 235–260.

Gottlob, L. R., Cheal, M., & Lyon, D. R. *Attention operating characteristics in a location-cuing task.* 261–270.

Gottlob, L. R., Cheal, M., & Lyon, D. R. *Time course of location–cuing effects with a probability manipulation.* 271–287.

Howard, L. A., Lupiáñez, J., & Tipper, S. P. *Inhibition of return in a selective reaching task: An investigation of reference frames.* 421–442.

Kim, M.-S., & Cave, K. R. *Grouping effects on spatial attention in visual search.* 326–352.

King, D. L., & Normington, J. *Regular versus randomized sentences, nouns versus prepositions, and assimilation in salience.* 177–183.

Kitzan, L. J., Ferraro, F. R., Petros, T. V., & Ludorf, M. *The role of vocabulary ability during visual word recognition in younger and older adults.* 6–16.

Lupiáñez, J., & Milliken, B. *Inhibition of return and the attentional set for integrating versus differentiating information.* 392–419.

McDonald-Miszczak, L., Gould, O. N., & Tychynski, D. *Metamemory predictors of prospective and retrospective memory performance.* 37–52.

Multhaup, K. S., De Leonardis, D. M., & Johnson, M. K. *Source memory and eyewitness suggestibility in older adults.* 74–84.

Plaud, J. J., Plaud, D. M., & von Duvillard, S. P. *Human behavioral momentum in a sample of older adults.* 165–175.

Rybash, J. M., & Monaghan, B. E. *Episodic and semantic contributions to older adults' autobiographical recall.* 85–96.

Simpson, G. B., Kellas, G., & Ferraro, F. R. *Age and the allocation of attention across the time course of word recognition.* 119–133.

Vidal, J. *Influence of the specific immune response on some consistent murine behaviors.* 205–216.

Vogeltanz, N. D., Wilsnack, S. C., Vickers, K. S., & Kristjanson, A. F. *Sociodemographic characteristics and drinking status as predictors of older women's health.* 135–147.

Von Mühlenen, A., & Müller, H. J. *Visual search for motion–form conjunctions: Selective attention to movement direction.* 289–317.

TITLE INDEX

Age and the allocation of attention across the time course of word recognition. *Greg B. Simpson, George Kellas, & F. Richard Ferraro.* 119–133.

Age-related differences in spatial memory: Effects of structural and organizational context. *Katie E. Cherry & Martin W. Jones.* 53–73.

Attention operating characteristics in a location-cuing task. *Lawrence R. Gottlob, MaryLou Cheal, & Don R. Lyon.* 271–287.

Attention versus consciousness in the visual brain: Differences in conception, phenomenology, behavior, neuroanatomy, and physiology. *Bernard J. Baars.* 224–233.

Covert and overt attention and the processing of cues for location and target identification. *Paula Goolkasian and Mandy Tarantino.* 235–260.

The duration of a brief event in the mind's eye. *James T. Enns, Jamie C. Brehaut, & David I. Shore.* 355–373.

The effect of age-related stereotypes on response initiation and execution. *Alison L. Chasteen & Jay Pratt.* 17–36.

Episodic and semantic contributions to older adults' autobiographical recall. *John M. Rybash & Brynn E. Monaghan.* 85–96.

Grouping effects on spatial attention in visual search. *Min-Shik Kim & Kyle R. Cave.* 326–352.

Human behavioral momentum in a sample of older adults. *Joseph J. Plaud, Deborah Muench Plaud, & Serge P. von Duvillard.* 165–175.

Influence of the specific immune response on some consistent murine behaviors. *Jose Vidal.* 205–216.

Influences of age, performance, and item relatedness on verbatim and gist recall of verb–noun pairs. *Julie L. Earles, Alan W. Kersten, Jennifer M. Turner, & Josephine McMullen.* 97–110.

Inhibition of return and the attentional set for integrating versus differentiating information. *Juan Lupiáñez & Bruce Milliken.* 392–419.

Inhibition of return in a selective reaching task: An investigation of reference frames. *Louise A. Howard, Juan Lupiáñez, & Steven P. Tipper.* 421–442.

Inhibition of return: Support for generality of the phenomenon. *MaryLou Cheal & Garvin Chastain.* 375–390.

Introduction to theme issue on aging, Part 1. *F. Richard Ferraro.* 5.

Introduction to theme issue on aging, Part 2. *F. Richard Ferraro.* 117.

Introduction to theme issue on visual attention, Part 1. *MaryLou Cheal.* 221–223.

Introduction to theme issue on visual attention, Part 2. *MaryLou Cheal.* 325.

Locus of control and the age difference in free recall from episodic memory. *Paul C. Amrhein, Judith K. Bond, & Derek A. Hamilton.* 149–164.

Metamemory predictors of prospective and retrospective memory performance. *Leslie McDonald-Miszczak, Odette N. Gould, & Deborah Tychynski.* 37–52.

Regular versus randomized sentences, nouns versus prepositions, and assimilation in salience. *Donald L. King & Jill Normington.* 177–183.

The role of vocabulary ability during visual word recognition in younger and older adults. *Laura J. Kitzan, F. Richard Ferraro, Thomas V. Petros, & Mark Ludorf.* 6–16.

Sociodemographic characteristics and drinking status as predictors of older women's health. *Nancy D. Vogeltanz, Sharon C. Wilsnack, Kristin S. Vickers, & Arlinda F. Kristjanson.* 135–147.

Source memory and eyewitness suggestibility in older adults. *Kristi S. Multhaup, Doreen M. De Leonardis, & Marcia K. Johnson.* 74–84.

Time course of location-cuing effects with a probability manipulation. *Lawrence R. Gottlob, MaryLou Cheal, & Don R. Lyon.* 261–270.

A union function for neural and psychological response. *Chen Wenxi.* 185–204.

Visual search for motion–form conjunctions: Selective attention to movement direction. *Adrian von Mühlenen & Hermann J. Müller.* 289–317.
